Constant expansion of functionality

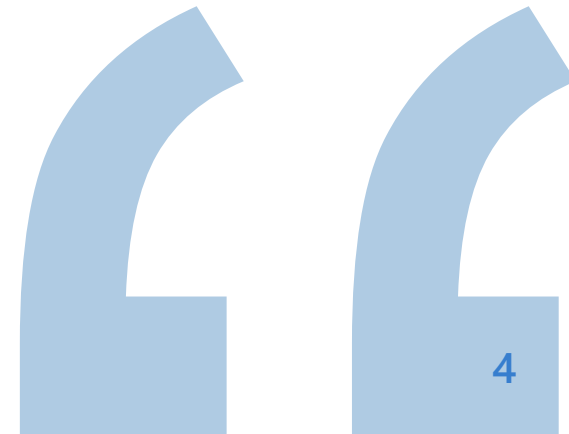

WINPACCS Customers said:

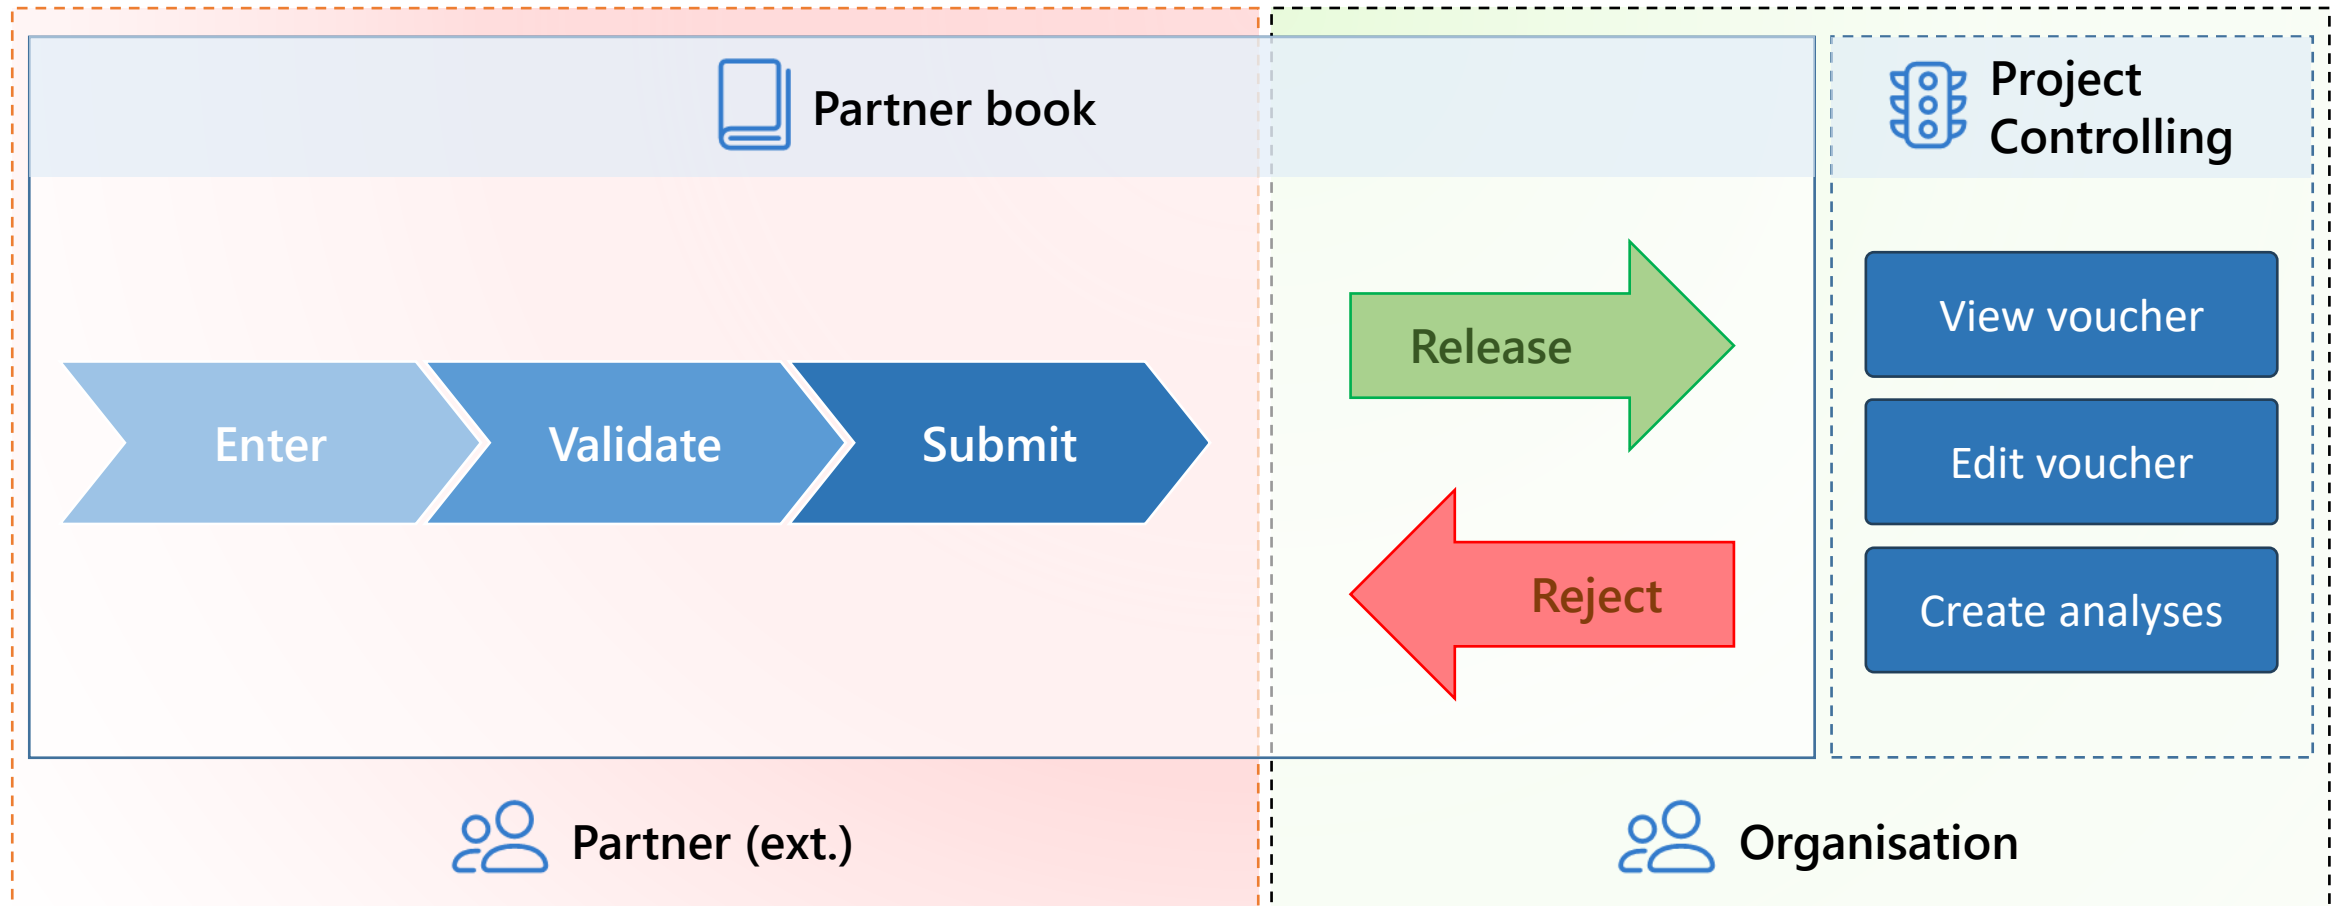

We need better functions to check and, if necessary, reject expenses from our partners.

We don't want to force our partners to use WINPACCS when they already have an accounting software.

We want less Excel, but more WINPACCS.

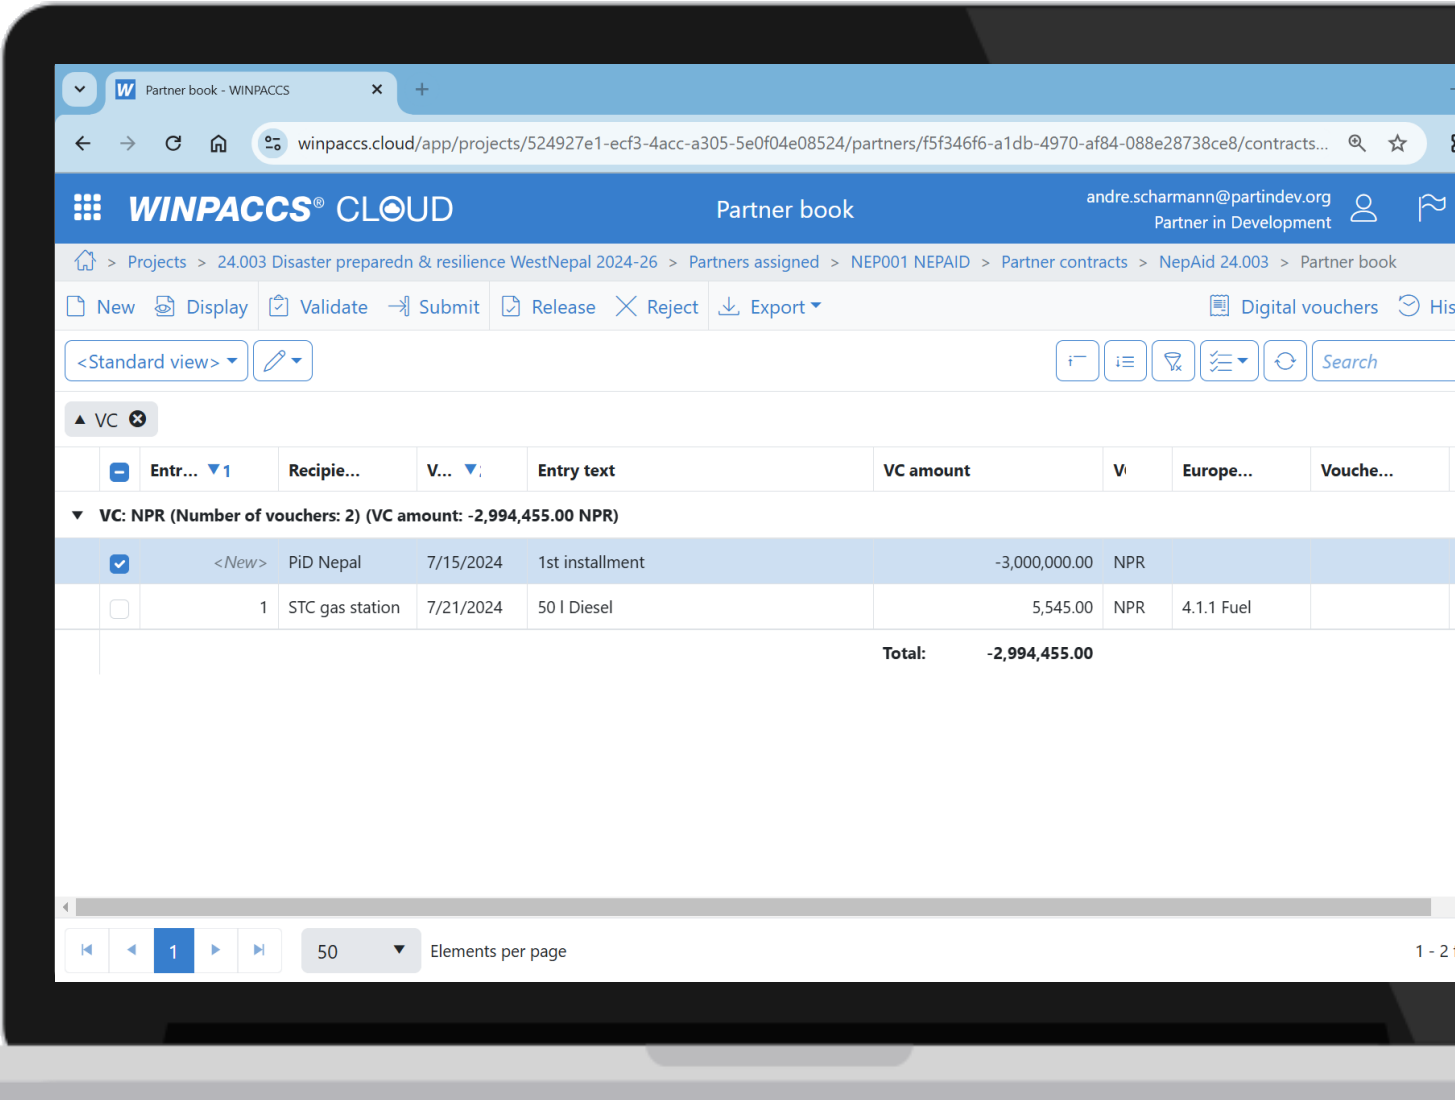

Overview

WINPACCS Partner book

Live demo

The screenshot displays the WINPACCS Cloud interface for a 'Partner book'. The browser address bar shows the URL: winpaccs.cloud/app/projects/524927e1-ecf3-4acc-a305-5e0f04e08524/partners/f5f346f6-a1db-4970-af84-088e28738ce8/contracts... The page header includes the WINPACCS logo, 'Partner book', and the user 'andre.scharmann@partindev.org'. The breadcrumb trail is: Projects > 24.003 Disaster preparedn & resilience WestNepal 2024-26 > Partners assigned > NEP001 NEPAID > Partner contracts > NepAid 24.003 > Partner book. The interface features a toolbar with actions like 'New', 'Display', 'Validate', 'Submit', 'Release', 'Reject', and 'Export'. A search bar is also present. The main content area shows a table of vouchers with columns: Entr..., Recipie..., V..., Entry text, VC amount, V, Europe..., and Vouche... A summary row indicates 'VC: NPR (Number of vouchers: 2) (VC amount: -2,994,455.00 NPR)'. The table contains two rows: one for '1st installment' with a VC amount of -3,000,000.00 NPR, and another for 'STC gas station' with a VC amount of 5,545.00 NPR. A 'Total' row shows a VC amount of -2,994,455.00. The footer of the interface shows pagination controls for page 1 of 2 and 50 elements per page.
